**What Can I Do With A Major In . . .**

**LOGISTICS**

**Description:** Transportation companies, industrial firms, and government agencies are all looking for the qualified graduate with training in the field of physical distribution. The major in logistics and intermodal transportation prepares the student for this career choice by providing general knowledge of the field of business and supporting course work in the areas of logistics, transportation, and marketing. The program also offers an international emphasis. Internships are strongly recommended for qualified students.
