Career Corner

Planning for Graduate School is a career step that many people decide to take. Many graduate programs have February or March deadlines. For some schools, it is best to apply in November or December of your senior year for admission the following fall. Generally, the more competitive the program, the earlier you need to submit all application materials. Be sure to contact each school well in advance to determine when application deadlines are.

Career Services is sponsoring a Graduate School Fair on Wednesday, November 12, 9 am-1 pm at the RAC. Representatives from Georgia Southern and other universities will be available to answer your questions regarding their individual graduate programs. Parking is limited, so students are asked to park at the stadium and take the Graduate School Fair shuttle bus that will run between the stadium and the RAC.

Please visit the Career Services Website at <http://students.georgiasouthern.edu/career> to learn more about the schools attending or call 478-5197.
