

Housing Survey

Over 1500 students recently completed an on-line survey regarding new on-campus housing. The results are being tabulated and will help determine the style of new housing that will be built on campus. Thank you to all students who completed the survey. Four lucky students won a \$100 gift certificate to the University Store. The winners, selected at random by Anderson-Strickler, LLC are: Alexander Wang, LaKeisha Sparks, Brice Bragg, and Jennifer Hedlund.

Please go to Watson Hall to receive your gift certificate.

From Trash to Treasure . . . Help out those in need!

As you are moving out of the residence hall, please do not throw away items that could be useful to others. In every residence hall lobby, there will be boxes to place unwanted items that can be donated to local Statesboro organizations!

Your junk is a treasure to other people!
