Career Corner

Everyone should set goals to try to achieve in life, and career goals should be high on your priority list. When setting goals, it is important to remember:

- Consider what you are willing to give up
- Give yourself a realistic timeline
- Set your goals high, but realistic

Reward yourself after completing each objective and reaching each goal.

If you need help in setting your career goals, or would like to develop a four year career plan to reach your goals, please come by Career Services and meet with a Career Advisor.

For more information, visit <http://www.parachute.com/college> or contact Career Services at 681-5197.

RHA President's Corner

As President of the Residence Hall Association (RHA), some would say that I represent the on-campus community here at Georgia Southern University, but it is important to remember that each and everyone of us represents this community that we are a part of. George Bernard Shaw once said "I am of the opinion that my life belongs to the community, and as long as I live it is my privilege to do for it whatever I can." You will be a part of many communities throughout your lifetime but right now you are all a part of the Georgia Southern community. With this in mind, I encourage you all to become involved with and take an active role in your community. There are so many opportunities waiting for you here at Georgia Southern University. If we all share the common goal of creating a superior community, we will all reap the benefits.

If any of you have ideas for RHA to help improve your community email me at rha_deb@yahoo.com.
