EAGLE CAREER NET
POWERED BY PURPLE BRIEFCASE

www.GeorgiaSouthern.edu/careernet

WELCOME TO EAGLE CAREER NET!

Eagle Career Net powered by Purple Briefcase provides more ways to connect employers with our students and alumni.
This is a cutting edge career network used by many Universities throughout the country.
It has many features that should make it easier for our students to be notified of your opportunities and apply to them.

Here are three highlights you will notice as you begin to use EAGLE CAREER NET:

NEW INTERFACE: The Eagle Career Net interface is engaging and has straightforward functions such as posting jobs/internships, searching for Georgia Southern students, requesting On Campus Interviewing and RSVP’ing to other events.

COMPANY PROFILE: Show students more about your company, by choosing from attributes related to your work environment, benefits plans, or corporate culture. Student also have the ability to “favorite” your company so when you post jobs they are instantly informed.

SEARCH STUDENTS: Students will be able to develop a visual profile that can outline their work history, academic achievements, and extracurricular activities. The visual profile does not take the place of a traditional resume but it augments it with a link to their resume! If you are interested in searching students, connect with our Career and Professional Development Team for more information.

Create an Account in EAGLE CAREER NET

1. Click new users: create account.
2. Select the Get Started! located at the bottom of the FREE account option.
3. Choose the Employers tab at the top of the screen and fill in the appropriate contact information.
   *Higher Education & Ed. Institutions looking for graduate students, select the Employers tab, & NOT the Colleges Tab.
4. Select my schools located at the bottom-left corner of the screen, under my briefcase.
5. Under the request a school connection (without a code) section, find Georgia Southern University.

Once the request has been made, Georgia Southern will appear as request school connection (pending approval). The approval process takes 24-48 hours to complete.
